GENEVA PORTABLE BARS
BRISTOL COLLECTION

Add a dimension of difference.

PORTABLE BARS CAN
 DELIVER FRESH REVENUE
 STREAMS AND GIVE NEW
 MEANING TO “CASH BAR”

Instantly add the “WOW” factor to any setting with Geneva’s Bristol Collection. This unique collection delivers an artisan-designed, upscale vibe highlighted by fine woodcraft, panelized front and stainless steel inlay accents. Recessed casters give this attractive piece a “built-in” look.

Our models are handcrafted in the USA. Geneva’s portable bars offer design flexibility; you can add options for the interior and exterior to tailor your establishment. We offer excellent leadtimes. We are the only ones that offer the option that converts the bar to furniture with a convertible speed rail.

- ❖ Numerous exterior and interior options available
- ❖ Tig and resistance welded
- ❖ Frame and panel construction with ¾” plywood and alder wood accents showcase durability
- ❖ Easy-to-clean fully stainless steel interior – or workstation
- ❖ Full backsplash, all sealed to NSF standards
- ❖ Channel base construction
- ❖ TPR casters
- ❖ 50 lb. ice capacity with cover option
- ❖ One year warranty

Finish your suite with matching back bar, ice chest, and more

Options for Exterior

Corner Bumper

Full Bumper

Wood Armrest

Wood veneer finish options

Red Mahogany

Antique Cherry

Puritan Pine

Golden Pecan

EXTERIOR: Available in Antique Cherry, Golden Pecan, Puritan Pine, and Red Mahogany. Carts are constructed with the finest hardwood lumber solids and veneers using the latest in joinery techniques, including time tested mortise and tenon joints. Basic Frame and Panel construction is used where applicable, as well as applied moldings to create the rich quality look and feel of fine furniture.

These units are sprayed with pigmented stains and hand wiped to achieve the desired color tones. They are then coated with a hybrid post catalyzed acrylic, KCMA certified, for a beautiful, protective high luster finish, that will last even in the most difficult environments.

INTERIOR: Tig and resistance welded. Full length heavy gauge stainless steel angles reinforce from corner of body on inside, with high impact edging on outside corners. Full backsplash sealed to NSF standards. Easy-to-clean stainless steel interior.

FULLY STAINLESS STEEL INTERIOR: Work surface shall be constructed of 18-gauge stainless steel. Wall shall be constructed of 20-gauge stainless steel and the base shall be constructed of 18-gauge stainless steel.

STAINLESS STEEL WORKSTATION: Work surface shall be constructed of 16-gauge stainless steel. The backsplash shall be constructed of 20-gauge stainless steel.

TOP: There are many surfaces available. Wood- material options are Golden Pecan, Puritan Pine, Antique Cherry, and Red Mahogany. Solid surface- material options are Bone, Rocky Road Granite, Lave Granite, and Ebony Granite. Granite material options are Luna Pearl, and Uba Tuba, also stainless steel. Additional solid surface options available.

CASTERS: Thermal plastic rubber casters. The 5 and 6 foot models come with 5" (4 swivel, 2 lock). The 8ft model comes with 5" (4 swivel, 2 lock, 2 ridged). 1 ½" height from the floor for easy travel over thresholds. Concealed casters for appearance of elegant furniture. There is an available 6" caster upgrade.

ICE BIN WITH DRAIN: Ice bin shall have enclosed foam insulation with drain. Ice bin shall have a 50 lb. ice capacity. *6 circuit sealed-in cold plate shall be compatible for use with Pre-Mix and Post-Mix systems.

CHANNEL BASE CONSTRUCTION
Prevents racking and adds

strength, especially when transported over uneven surfaces.
