GENEVA PORTABLE BARS
RIVAGE COLLECTION

The perfect accompaniment to any décor.

Rivage II: Square
Shown in Antique Cherry

Rivage I: Flat
Shown in Puritan Pine

Rivage III: Panel
Shown in Puritan Pine with optional fluted column

**GENEVA WILL TAILOR ANY
OF OUR PORTABLE BARS TO
SUIT YOUR PARTICULAR
NEED**

Our Rivage Collection delivers the high-end look of hand-crafted artisanship and architectural detail. The simple front panel exterior on the Rivage I lends itself to a transitional look and feel. Rivage II has a decorative square inset, showcasing attractive hand-carved woodwork. Our traditional Rivage III offers a paneled exterior design that's as classy as they come!

Our models are handcrafted in the USA. Geneva's portable bars offer design flexibility; you can add options for the interior and exterior to tailor your establishment. We offer excellent leadtimes. We are the only ones that offer the option that converts the bar to furniture with a convertible double speed rail.

- ❖ Numerous exterior and interior options available

Options for Exterior

Round Rosette Corner Bumper Wood Armrest Fluted Column Full Bumper

Wood veneer finish options

EXTERIOR: Available in Antique Cherry, Golden Pecan, Puritan Pine, and Red Mahogany. Carts are constructed with the finest hardwood lumber solids and veneers using the latest in joinery techniques, including time tested mortise and tenon joints. Basic frame and Panel construction is used where applicable, as well as applied moldings to create the rich quality look and feel of fine furniture.

These units are sprayed with pigmented stains and hand wiped to achieve the desired color tones. They are then coated with a hybrid post catalyzed acrylic, KCMA certified, for a beautiful, protective high luster finish, that will last even in the most difficult environments.

INTERIOR: Tig and resistance welded. Full length heavy gauge stainless steel angles reinforce from corner of body on inside, with high impact edging on outside corners. Full backsplash sealed to NSF standards. Easy-to-clean stainless steel interior.

FULLY STAINLESS STEEL INTERIOR: Work surface shall be constructed of 18- gauge stainless steel. Wall shall be constructed of 20-gauge stainless steel and the base shall be constructed of 18-gauge stainless steel.

STAINLESS STEEL WORKSTATION: Work surface shall be constructed of 16- gauge stainless steel. The backsplash shall be constructed of 20-gauge stainless steel.

TOP: There are many surfaces available. Wood- material options are Golden Pecan, Puritan Pine, Antique Cherry, and Red Mahogany. Solid surface- material options are Bone, Rocky Road Granite, Lave Granite, and Ebony Granite. Granite- material options are Luna Pearl, and Uba Tuba. Additional solid surface options available.

CASTERS: Thermal plastics rubber casters. The 5 and 6 foot models come with 5" (4 swivel, 2 lock). The 8ft model comes with 5" (4 swivel, 2 lock, 2 ridged). 1 ½" height from the floor for easy travel over thresholds. Concealed casters for appearance of elegant furniture. There is an available 6" caster upgrade.

50 lb. ice capacity. *6 circuit sealed-in cold plate shall be compatible for use with Pre-Mix and Post-Mix systems.

CHANNEL BASE CONSTRUCTION Prevents racking and adds strength, especially when transported over uneven surfaces.

Geneva's **EXCLUSIVE** Convertible Double Speed Rail
